

## **Pine Haven Foundation Sustaining Fund**

### **\$5,000 commitment over 5 years**

Pine Haven Foundation was established in 1964 shortly after the “new” nursing home, named Pine Haven was built. Pine Haven Foundation continues to serve as a financial cornerstone for the entire Senior Living Campus that Pine Haven Community has become to help with unmet needs, provide seed money to start new projects of expansion and growth and manage assets for future stability.

Pine Haven is proud to be one of the remaining independently owned and operated care facilities in the state. It is guided by local community members rather than a remote corporate entity. Local governance is a blessing when it comes to continuing traditions and creating a sense of home and community. Being independent also can create greater risk financially without remote corporate resources.

Community partners from Pine Island and the surrounding area have been generous over the years in supporting Pine Haven. Through this generosity, the Pine Haven Foundation has been able to be instrumental in expanding the Care Center from 48 beds to 70, creating the 24-apartment senior housing complex known as Evergreen Place, creating a therapy center open to residents and the community and meeting short term financial “short falls” as needed and more. We would like to continue as a community resource for generations to come.

As you review your giving plans, we ask that you consider your level of involvement and support of Pine Haven. **Could you potentially join our Sustaining Fund and commit a total of \$5,000 over the next five years to Pine Haven? This fund will be designated equally to help with short term financial needs of the campus and invested for future growth and stability to build the Foundation’s overall fund balance.**

To discuss opportunities on how your gift can make the greatest impact, please contact Pine Haven Foundation Leadership of Marcus Parente, Administrator or Ellen Newman, Community Relations Director: 507-356-8304 or Board of Directors Leadership of Randy Hoffarth: 507-259-0351, Brian Hale, 507-356-4009, or Glen Hemann, 507-732-7800.

***We hope you will consider donating to the Foundation to help us continue to provide compassionate care to area seniors and their families.***
